Rode

THE VALUATOR ADVISORY

MINING CONSULTANCY SERVICES

OPEN MARKET & REPLACEMENT COST VALUE FOR ALL MAIN ASSET CLASSES

RODE & ASSOCIATES is an organization of professional Valuers whom perform expert valuations throughout South Africa and Africa since 1987.

Rode & Associates is a BEE Level 2 company with its focus and aim to deliver qualified professional valuation and advisory services with the added benefit of economic transformation. Our teams have outstanding comprehension of the industry through years of respecting confidentiality and professionalism in meeting clients' requirements.

MINING CONSULTING SERVICES

Our team of valuation specialists cover all categories of valuations for mining organizations. We understand that the valuation report is the start of the value chain and thus source seasoned professionals to advise our

BEE LEVEL 2 CERTIFIED COMPANY

mining clients about the optimization of mining assets and how this can ultimately work together with our independent studies of the valuations of mineral rights and useful life of mining entities.

Scope of work in mining operation includes:

- General Buildings and Mining Infrastructure such as Offices, Control Rooms, Workshops, Stores, Mechanical, Civil and Electrical Assets such as Sub-Stations.
- Movable Plant, Equipment and Machinery such Vehicle Fleet, Conveyors, Pumping Stations, Ventilation, Drilling, Compressors and Head Gears amongst other key assets.
